

**NATIONAL
PARK TRUST**SM
TREASURE FOREVER.

Photo Guidelines

1. Wear your Buddy Bison t-shirts, and if you have him, bring at least one Buddy Bison plush toy along.
 - a. If any students' parents/guardians did NOT sign the Photo Waiver at the end of the Release of Liability form, mark the students somehow so they don't accidentally wind up in any photos that you send to us. We want to respect their parents' wishes!
2. Tell the story of your field experience from beginning to end with photos!
 - a. Start with your arrival at the park.
 - b. Take enough photos to establish an idea of each activity the students are enjoying.
 - c. End with a good-bye photo: kids waving, boarding the bus, or even a video of students saying thank you or sharing what they liked about the day.
3. Please include the following 3 types:
 - a. Large group photo.
 - b. Small group posed shot, with big smiles and close-ups of their faces.
 - c. Small group "action" shot, kids engaged in an activity.
4. The more photos the better! Try for at least 20, but we love getting even more.
5. Send us your photos! Below are three different ways to share them with NPT
 - a. Use the free service www.wetransfer.com for more than 5 photos. You can also use the WeTransfer app to send directly from your phone.
 - b. Email to your NPT contact.
 - c. Share a Google Drive folder - make sure you give your NPT contact permission to access it!

That's it! We can't wait to see your beautiful photos of your excited kids!
